

Syllabus

Module 1

Definition, Need for EIA, Evolution of EIA: Global & Indian scenario -Environmental legislations in India- The Water (Prevention & Control of Pollution) Act 1974, The Air (Prevention & Control of Pollution) Act 1981, The Environmental (Protection) Act 1986- Environmental standards for water, air and noise quality- EIA Notification 2006

Module 2

Environmental clearance process in India: Screening, Scoping, Public Consultation, Appraisal- Form1-Category of projects- Generic structure of EIA report- Terms of Reference (ToR) -Types

of EIA: strategic, regional, sectoral, project level- Rapid EIA and Comprehensive EIA- Initial Environmental Examination (IEE)

Module 3

EIA methodologies: Ad hoc, checklist, matrix, network and overlay- Impact Prediction, Evaluation and Mitigation-Prediction and assessment of the impact on water (surface water and groundwater), air, and noise environment- assessment of ecological impacts and Socio economic Impacts.

Module 4

Environmental Management Plan (EMP): Goal and purpose- Importance of EMP- Content of an EMP- Role of environmental monitoring program

Environment Audit: need for audit- audit types and benefits- environmental audit procedure ISO 14001 standards: Importance, salient features - Stages in implementation- Benefits

Module 5

EIA case studies (Indian)- a highway project, a hydro electric power plant, an air port project, a quarry mining project and a solid waste management project

i upload some files and a Syllabus can sort the questions as module wise and mention the year of exam and mention the marks

Here is a module-wise and year-wise sorting of **Environmental Impact Assessment (CET415)** exam questions. Each entry mentions the year and marks. This summary uses your syllabus modules as headers.

Module 1: Basics, Evolution, Legislations, EIA Notification

• December 2022

- What is the need for EI? (3)
- State the Environmental standards for water quality. (3)
- Describe Air Prevention and Control of Pollution Act 1981. (5)

- Explain the evolution of EIA. (9)
- Discuss the Environmental standards for Water, Air and noise quality. (5)
- Describe Environmental Protection Act 1986. (9) ^[1]
- **May 2023**
 - Discuss the importance of EIA. (3)
 - Discuss salient features of EIA notification 2006. (14)
 - Explain the evolution of EIA in global and Indian scenario. (14) ^[2]
- **December 2023**
 - Define EIA. What is the need for EIA in India? (3)
 - What were the salient features of EIA notification 2006? (8)
 - Discuss about Environmental Protection Act, 1986. (6)
 - Explain evolution of EIA in India. (8)
 - Explain history and development of EIA in different countries. (6) ^[3]
- **May 2024**
 - Differentiate between direct and indirect impacts of a project on environment. (3)
 - Explain the ambient air quality standards in respect of noise. (3)
 - Discuss the salient features of Air Prevention and Control of Pollution Act, 1981. (14)
 - Discuss the evolution of EIA in global context. (10)
 - Explain the constitution of State Pollution Control Board as per the Water Prevention and Control of Pollution Act, 1974. (4) ^[4]
- **November 2024**
 - What is the need of EIA? (3)
 - Write any 3 drinking water quality parameters with their standards. (3)
 - What are the salient features of the Water Prevention Control of Pollution Act 1974? (7)
 - Explain the evolution of EIA in India. (7)
 - What are the features of EIA notifications 2006? (7)
 - What are the salient features of the Air Act 1981? (7) ^[5]
- **April 2025**
 - What are the objectives of EI? (3)
 - Discuss the Air Prevention and Control of Pollution Act. (3)
 - State environmental standards for water and air. (5)
 - Explain the evolution of EIA. (9)
 - Discuss the Water Prevention and Control of Pollution Act 1974. (5)
 - Explain the Environmental Protection Act 1986. (9) ^[6]

- **December 2022**

- Write short notes on Scoping. (3)
- Differentiate between Regional EIA and Sectoral EIA. (3)
- Demonstrate the procedure for obtaining environmental clearance for a hydroelectric power project. (10)
- Explain generic structure of EIA report. (4)
- Explain different types of EIA. (9)
- Write short notes on Terms of Reference. (5) ^[1]

- **May 2023**

- Discuss screening in EIA. (3)
- Explain environmental clearance process in India. (14)
- Discuss various categories of projects in EIA. (14)
- Discuss the structure of an EIA report. (14)
- Explain the different types of EIA. (14) ^[2]

- **December 2023**

- What are the categories of EIA projects as per EIA 2006? (3)
- Explain different types of EIA. (10)
- What is Initial-Environmental Examination? (4)
- Describe the various steps in EIA process with the help of a flowchart. (14) ^[3]

- **May 2024**

- Explain the categorisation of projects which require environmental clearance. (3)
- List the contents of Initial Environment Examination report. (3)
- Explain the different stages of obtaining environmental clearance in India. (14)
- Explain the different types of EIA. (10)
- Differentiate between EIA and Strategic EIA. (4) ^[4]

- **November 2024**

- Differentiate sectoral and regional EIA. (3)
- What is initial environmental examination? (3)
- Describe the procedure for obtaining environmental clearance for a project in India. (7)
- What are the contents and relevance of Terms Of Reference? (7)
- Explain the significance of public participation in EIA. (7)
- What is strategic EIA and its advantages? (7) ^[5]

- **April 2025**

- Write short notes on Terms of Reference. (3)
- Differentiate between Rapid EIA and Comprehensive EIA. (3)

- Describe the procedure for obtaining environmental clearance for a nuclear power project according to EIA notification 2006. (10)
- Explain generic structure of EIA report. (4)
- Explain different types of EIA. (9)
- Write short notes on Initial Environmental Examination. (5)^[6]

Module 3: EIA Methodologies, Impact Prediction, Water/Air/Noise, Socio-economic

• December 2022

- What is matrix method of impact assessment? (3)
- How to predict the impact of a proposed irrigation project on the environment? (3)
- Explain EIA methodologies in detail. (7)
- Describe the methods to predict the impact on air quality. (7)
- Identify and explain the steps involved in the assessment of socio-economic impact due to a project. (7)
- Demonstrate the procedure for assessing the impacts on water. (7)^[1]

• May 2023

- What is ad hoc method in EIA? (3)
- How impact prediction is done in EIA? (3)
- Discuss the various EIA methodologies. (14)
- Explain the steps involved in assessment of impacts on water environment. (14)
- Discuss the social and economic impacts caused due to an airport project. (14)^[2]

• December 2023

- Describe any three mitigation measures for groundwater impacts. (3)
- Describe any three socio economic impacts usually encountered due to development. (3)
- How to assess the impacts on soil and water by mining activity? (3)
- Explain in detail, any four types of impact assessment methodologies. (14)
- What are the ambient air quality standards of India? (4)
- Explain stepwise how do you predict and assess impacts in the Air environment. (10)^[3]

• May 2024

- Construct a network diagram for predicting the environmental impacts of any industry. (3)
- With the help of matrix method, explain determination of acceptability of environmental impacts. (3)
- Identify some anticipated impacts on water environment due to solid waste management project. (3)

- Explain the steps involved in predicting and assessing the impacts of a development project in noise environment. (14)
- Illustrate the different checklist methods of identifying environmental impacts. (10)
- Explain the hierarchy of mitigation of environmental impacts. (4) ^[4]
- **November 2024**
 - Write any 3 important factors to be considered along with their relevance in impact prediction. (3)
 - Suggest any 2 methods of mitigating particulate matter emission by an industry. (3)
 - What are the objectives of EMP? (3)
 - What is meant by socioeconomic impact? How is it assessed? (7)
 - Illustrate the use of check list method in assessing impacts. (7)
 - Illustrate the use of Leopold matrix in assessment of impacts. (7)
 - What is network method of assessment of EIA and its advantages? (7) ^[5]
- **April 2025**
 - What is network method of impact assessment? (3)
 - How to predict the impact of a proposed textile industry on the water quality of a nearby river? (3)
 - Explain EIA methodologies in detail. (7)
 - Describe impact prediction and evaluation stages of EIA. (7)
 - Explain the steps involved in the assessment of socio-economic impact due to a project (7)
 - Demonstrate the procedure for assessing the impacts on surface water. (7) ^[6]

Module 4: EMP, Audit, ISO Standards

- **December 2022**
 - Discuss the content of an environmental management plan. (3)
 - Explain the features of ISO 14001 standards. (3)
 - Explain the purpose and importance of Environmental Management Plan. (8)
 - Discuss the role of Environmental Monitoring Program. (6)
 - Explain the benefits of environmental audit. (8)
 - Describe the stages in implementation of ISO 14001 standards. (6) ^[1]
- **May 2023**
 - Enumerate the purposes of Environment Management Plan. (3)
 - Discuss the benefits of environment audit. (3)
 - Discuss salient features of ISO 14001 standards. (3)
 - What is the role of Environmental Monitoring Program? (3)

- Discuss the purpose and importance of environment management plan. (7)
- Prepare a flow chart of environmental audit procedure. (7)
- Explain the contents of an environment management plan. (7)
- Discuss the salient features of ISO 14001 standards. (7)^[2]
- **December 2023**
 - Define and explain Environmental Management Plan. (3)
 - What is ISO 14001 standard? (3)
 - What is Environmental Audit? What are its Objectives? What the types of Environmental Audits? (14)
 - Explain in detail the procedure of Environmental Auditing. (14)^[3]
- **May 2024**
 - Explain the PDCA model of Environmental Management System. (3)
 - Explain different types of environmental audit. (3)
 - Describe the various steps involved in conducting an environment audit. (14)
 - Explain the Environmental Management System framework as per ISO 14001:2015. (14)^[4]
- **November 2024**
 - What are the objectives of EMP? (3)
 - What is Environmental monitoring? (3)
 - What is ISO 14001 and its relevance? (7)
 - Explain the auditing procedure in EIA. (7)
 - What is auditing and its significance in EIA? (8)
 - List the EMPs for mitigation of water pollution by an industry. (6)^[5]
- **April 2025**
 - Discuss the goal and purpose of environmental management plan. (3)
 - Explain the benefits of ISO 14001 standards. (3)
 - Discuss the role of Environmental Monitoring Program. (3)
 - Describe the importance of Environmental Management Plan. (8)
 - Discuss the role of Environmental Monitoring Program. (6)
 - Describe the need and procedure for environment audit. (8)
 - Explain the importance and salient features of ISO 14001 standards. (6)^[6]

Module 5: EIA Case Studies (Indian)

- **December 2022**
 - Identify the impacts of a highway project on air quality. (3)
 - Describe the environmental monitoring program for a quarry mining project. (3)

- Demonstrate the procedure for assessing the impact of an airport project. (14)
- Discuss how to assess the impact of a solid waste management project. (14) ^[1]
- **May 2023**
 - Discuss the social and economic impacts causes due to an airport project. (14)
 - Elaborate the environmental impact assessment of a hydroelectric project. (14)
 - Discuss how to assess the environmental impacts of an airport project. (14) ^[2]
- **December 2023**
 - What are the impacts of an airport project on local noise quality. (3)
 - How to assess the impacts on soil and water by mining activity? (3)
 - Discuss how to assess the impacts of hydroelectric project. (14)
 - Explain an EIA case study of any highway widening project in Kerala in detail. (14) ^[3]
- **May 2024**
 - Identify some of the anticipated impacts on water environment due to any solid waste management project. (3)
 - Suggest some control and mitigation measures to prevent dust from a highway project. (3)
 - Describe a case study on environmental impact assessment of a hydroelectric power plant project. (14)
 - Explain the generic structure of an EIA in the case of any airport project. (14) ^[4]
- **November 2024**
 - Write any 3 impacts of a solid waste management project. (3)
 - Write any 3 socioeconomic impacts of a highway project. (3)
 - Explain the Environmental clearance procedure for a quarry mining project. (14)
 - Identify the potential impacts of a hydroelectric power plant. (7)
 - Identify the potential impacts of an airport project. (7) ^[5]
- **April 2025**
 - Identify the impact of an airport project on noise quality. (3)
 - Report the environmental monitoring program for a solid waste management project. (3)
 - Demonstrate the procedure for assessing the impact of a highway project. (14)
 - Discuss how to assess the impact of a quarry mining project. (14) ^[6]
